

YEAR 12 PASTORAL CARE

Year 12 students choose courses from a variety of the NSW BOS HSC Curriculum and Vocational Education Courses, as well as selecting Co Curricular opportunities for development in their physical, social, emotional and spiritual needs. Key points for Year 12 Pastoral Care are:

- Students belong to Vertical House groups as well as having a Year 12 Pastoral Coordinator
- The Co-ordinator manages all of the events such as References, Awards, Year 12 Final Assembly, Graduation and the Formal.
- The Year 12 Co-ordinator liaises with members of the Pastoral and Curriculum teams, parents and students re curriculum and pastoral issues.
- Fun and relaxation are part of the pastoral plan. Driving instruction is also part of the agenda.
- The Pastoral program is a dynamic and flexible transition program assisting students as they move from Senior School to take up individual career paths.
- Many opportunities exist for leadership both formal and informal.
- The spirit of teamwork is fostered and both independent and collaborative learning skills are developed.
- The opportunity to be peer presenters to Homeroom groups.

Each student is respected as unique and encouraged to strive to achieve her personal best. There is individual recognition of students as young people of potential and promise and a concentration on the development of the whole person.

FACILITIES

- A dedicated Common Room
- Excellent ITC study facilities within the College Library.
