A NEW UNIFORM FROM 2018

Introduction and design principles

The Santa Sabina Colleges uniform is distinctive and contemporary.

Our very first uniform, 126 years ago, was in the Dominican colours of black and white. Over the years blue and then mostly green uniforms have been worn by Santa Sabina students. Our sports teams in recent years have been wearing black and white uniforms, keeping us distinct from competitors in sporting arenas.

To celebrate our quasiquicentenary, our 125th anniversary in 2019, we returned all uniforms to our traditional Dominican colours of black and white. Establishing our distinctive presence through these elegant colours, our students are benefitting from smart, up to date and comfortable designs. Punctuating the monochrome palette are subtle stripes and highlights in green and red, echoing the varying shades of green and rust of the most recent previous uniforms. Girls in Senior Years wear special elements to indicate their seniority and students of all years will have the new millennium options of trousers or shorts. Durability, practicality, comfort, style, personal choice and cost efficiency have all been taken into account in designing the suite of uniforms for academic work and sporting activities.

High quality cutting edge fabrics and finishes have been chosen and unnecessary additional pieces (for instance, for different sports) have been eliminated. The introduction of cotton in most of the made-to-order fabrics has meant better comfort for students and is more appropriate for the climate of Sydney's inner west. The new designs are bringing a greater sense of consistency across the years and activities.

This booklet is your go-to guide as to how the new uniform should be worn, whatever academic year, sporting activity or season. It includes the uniforms for Prep students, which remain unchanged.
